IGNITING LITERACY WITH EDUCATIONAL APPS

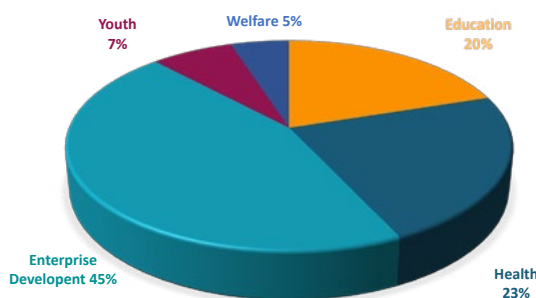

In collaboration with READ Educational Trust, we recently hosted a transformative workshop for our dedicated Reading Assistants. .

The workshop, titled "Integrating Educational Apps into Teaching EFAL," aimed to equip the reading assistants with the knowledge and skills to harness the power of cutting-edge educational technology in their English First Additional Language (EFAL) instruction. The programme explored various innovative apps that can be utilised by teachers, learners, and parents to create a dynamic and engaging learning environment.

By equipping the Reading Assistants with a thorough understanding of these diverse educational applications, this programme has empowered the assistants to seamlessly integrate technology into their teaching, creating more engaging, interactive, and effective EFAL lessons that will ignite a passion for learning in their students.

FINANCIAL MANAGEMENT MASTERCLASS PAVES WAY FOR LOCAL SMMEs

To support the growth of local SMMEs, we recently hosted a Financial Management workshop, which equipped local business owners with the knowledge and tools necessary to navigate the complex landscape of financial management.

The workshop delved into a range of critical topics, from budgeting, record keeping, financial reporting, compliance and tax management. Attendees were not only provided with a deep understanding of these business practices but also had the opportunity to engage in hands-on demonstrations and interactive discussions.
