SMME RETREAT NURTURES GROWTH

Our SMME programme participants recently attended an impactful psychosocial retreat at Moreson Retreat near Taung, designed to enhance self-awareness and financial literacy.

A highlight of the retreat was a workshop, where entrepreneurs explored their personality types, deepening their self-insight and fostering empathy and teamwork within the group. Discussions also centered around the book, 'What is Your Money Personality?' by Vangile Makwakwa, sparked personal reflections and valuable conversations about financial behavior.

The retreat equipped participants with practical tools to better manage finances and make informed business decisions.

FOOTBALL TOURNAMENT SPARKS COMMUNITY SPIRIT

In collaboration with SAFA, we hosted an exciting football tournament in Leeudoringstad for the Maquassie Hills Football Teams, uniting the communities in Maquassie Hills in a vibrant celebration of sportsmanship.

Eight local teams, equipped with new sports gear from Bokamoso Solar, showcased their skills as friends and families cheered them on, creating an electrifying atmosphere.

After a series of matches, Leeudoringstad's Bokgoni Ba Rona FC emerged victorious, showcasing both their skill and the pride of their community.
